Gentlemen:

Thank you very much for your extreme kindness and thoughtfulness in sending me a volume of the "Von Hassell Diaries." I have read it with a great deal of interest, and we have placed it in our reference library. These diaries confirm a lot of things that were suspected during the war and also give a lot of leads on future conditions.

Again please accept my sincere thanks for your thoughtfulness and believe me,

Most sincerely,

R. H. Hilsenrath
